

## ***Get started – towards successful delivery of the new specification (first teaching from September 2009)***

### **Aimed at**

All new and experienced teachers, Heads of Department, and Centre Assessors.

### **Overview**

This **full day course** is designed to give you a sound understanding of the new OCR specification. The sessions will include an introduction to the structure and content of the new specification in preparation for delivery. It will:

- Offer advice on preparing candidates for the external assessment
- Review the support and resources available from OCR
- Examine other useful resources and provision of support
- Enable you to network and share ideas for best practice.

*Please read the subject specification before attending the course.*

***Note: although we endeavour to distinguish between the Get ready and Get started events, there will be some similarity to the half day Get ready sessions that have already taken place. However, this full day course will look at the new specification in more depth, with emphasis on first delivery. There may be some similarity in the materials between the Get ready/Get started courses but the latter will have approved, rather than draft, documentation.***

### **Detail**

<b>Date</b>	<b>Location</b>	<b>Course Code</b>
Fri 24 Apr 09	London	OSOA701
Mon 11 May 09	Coventry	OSOA702
